

4 Impact Performance

2023 at a Glance

1 Sustainable Economic Development

African countries represented

38

Direct jobs created and supported¹

75,377

(+17% over 2022)

innovative SMEs currently in the portfolio

25

PPP-Adjusted Training Investment per employee in 2023²

\$4,000

Invested in SMEs since inception

129

¹Direct jobs include the number of full-time equivalent (FTE) employees at the end of the reporting period. This amount sums all sub-indicators of FTE permanent and temporary employees listed above. For 13 companies, employment data were estimated based on FY2022 figures, pending confirmation of the actual FY2023 numbers.
²This figure was adjusted to a PPP (Purchasing Power Parity) equivalent of \$4,000, using a conversion rate of approximately 4.95 to account for cost-of-living differences across the regions where AfricInvest operates

2 Environmental Sustainability

Companies have structured action plans to **reduce carbon footprint** with yearly progress updates

37%

(+2 ppt over 2022)

Financed emissions (scope 1 and 2)³

108,897 tCO₂eq

per M \$ in revenue **WACI** for AfricInvest's portfolio companies vs. 451 tCO₂e MSCI Emerging Markets index

166 tCO₂e

³ Calculated according to the GHG Protocol and the Partnership for Carbon Accounting Financials (PCAF). The data quality has improved, as reflected by higher scores within the PCAF data quality scoring system in 2023. Weighted Average Carbon Intensity (WACI) measures the carbon emissions per \$ M in revenue of a portfolio, weighted by each company's share in the portfolio, indicating the carbon efficiency relative to revenue generation

Global Metrics

Raised since early 90s

\$2.3bn
